

Overall:

1.) What was your overall impression of *Physical Therapy First*?

Very positive.

2.) What could we have done to make your visit better?

Nothing comes to mind.

3.) What did you like most about *Physical Therapy First*?

Convenience of location, not crowded, no waiting, quality of therapists

4.) What did you like least about *Physical Therapy First*?

Some of the exercises weren't fun but that wasn't PTF's fault.

5.) Please let us know if any individual gave you outstanding attention so that we may commend that person.

Both Gene and Maureen were great.

6.) Please include any additional comments.

The experience was much better than I expected. I had read some bad reviews of other local PT places but PTF was great, not a "factory" atmosphere at all.

7.) Would you refer someone to *Physical Therapy First*?
Why or why not?

Yes, definitely, for the reasons mentioned in my other comments.
